Pet Bird

As a Veterinarian Recommended brand, Kaytee's commitment to pet birds has inspired nutritional innovations for over 150 years. Our expertise and state-of-the-art processing mean quality is built into every diet, ensuring the health of each pet and bringing peace-of-mind to pet parents.

NutriDelight™

Optimal nutrition with texture birds love

Kaytee® NutriDelight™ pet bird food is a complete daily diet designed with an understanding that birds experience food through texture, color, and taste. It combines high quality nutrition and natural fruit flavors with a texture birds love. The unique soft and chewy pieces are colorful and let birds rip, tear and explore their food the way they love, keeping them engaged. This recipe delivers key nutrients including probiotics, a prebiotic, omega-3, omega-6 and amino acids to support digestion, brain function, heart, skin and feather health.

- OPTIMAL NUTRITION provides probiotics, a prebiotic, omega-3, omega-6 and amino acids to support digestion, brain, heart, skin and feather health
- TEXTURE BIRDS LOVE designed to mimic a bird's natural feeding experience
- SOFTER THAN TRADITIONAL PELLETS to satisfy birds' natural instincts by allowing them to rip, tear and explore their food
- NATURAL FRUIT FLAVORS keep a pet bird happy and coming back for more

NutriSoft™

One of a kind, uniquely soft all pellet diet

Kaytee® NutriSoft™ pet bird food is great for picky eaters because it pairs a unique, soft texture with natural fruit flavors providing optimal all-in-one nutrition to support digestive, brain, heart, skin and feather health.

- UNIQUELY SOFT TEXTURE specifically formulated for picky eaters
- NO ARTIFICIAL COLORS OR FLAVORS
- OPTIMAL ALL-IN-ONE NUTRITION with prebiotics, probiotics and Omega-3 to support digestive, brain, skin, and feather health
- NATURAL FRUIT FLAVORS pet birds love

Hay

Hay is essential for the health of rabbits, guinea pigs, and chinchillas. It provides small animals with essential roughage to help maintain proper dental health, but it is also vital in maintaining healthy digestion. Kaytee® America's #1 Hay Brand* provides small pets with natural, high-quality hay that complements any Kaytee® fortified food.

*Based on Nielsen Data 11/02/2024

Timothy Hay

Kaytee® Timothy Hay tastes better because it is naturally grown and harvested with care. It is grown in fertile farmland graced with abundant sunlight and nourished by cool, Rocky Mountain water.

- High fiber supports digestive health
- Naturally grown without pesticides
- Grown specifically for small animals

Bedding & Litter

A clean habitat is essential to the well-being of any small animal or pet bird. Kaytee offers a complete line of bedding substrates, including paper, wood, and litter to keep pets feeling fresh and clean.

Clean & Cozy™

Kaytee® Clean & Cozy™ paper bedding is the trusted choice for keeping pets safe and comfortable & their habitat fresh and dry.

Our bedding is made from super soft, premium paper. In contrast, many competitive products use an inferior paper by-product known as "sludge."

- 99.9% dust-free
- Odor control guarantee or your money back
- Expands 3x
- Absorbs up to 6x its weight in liquid
- Made from tissue grade, repurposed paper

Wild Bird

Kaytee Products Inc. is committed to providing the highest quality foods and services for people's enjoyment of birds. Kaytee is very proud of the long-term relationships we have built with our customers. Birding enthusiasts trust Kaytee to provide food that will attract wild birds to their feeders and supply them with the nutrition they need. Kaytee® wild bird products only contain high quality ingredients that are properly formulated to attract a wide variety of bird species.

Single Seed & Grains

Black Oil Sunflower

Kaytee® Black Oil Sunflower is the best single grain for attracting the widest variety of wild birds.

- High oil content is a great source of energy
- Thinner hulls make it easier to eat
- Appealing to smaller songbirds including pine siskins, nuthatches, cardinals, finches, grosbeaks and chickadees

Sunflower Hearts & Chips

Sunflower seeds are highly nutritious and attract more birds than any other seed.

- They are 100% edible and an excellent food for year-round feeding
- Kaytee® Sunflower Hearts & Chips have the added benefit of having the hulls removed, making the seeds easier for birds to eat
- Without hulls, there is less mess under feeders and unwanted growth in yards and flower beds

Striped Sunflower

Kaytee® Striped Sunflower Seeds are a highly nutritious food, rich in oil which provides an excellent energy source.

- Appeals to larger birds like blue jays, woodpeckers, grosbeaks and cardinals that enjoy cracking through the hard outer shell
- Striped Sunflower Seeds are larger in size and have a harder shell than Black Oil Sunflower Seeds

Single Seed & Grains

Specialty Single Seed & Grains

Kaytee® offers a wide selection of individual grains and seeds that attract a variety of backyard birds.

- **Cracked corn** is a high-energy food eaten by many birds, including indigo buntings, blue jays, mourning doves and woodpeckers.
- **Peanuts** provide high levels of fat and protein, which are important for the diets of many backyard birds. Fat provides needed energy, while protein promotes growth and good health.
- **Safflower** is a high oil content seed that is very desirable to songbirds, yet tastes bitter to squirrels.

Regional Blend

Extraordinary blends with formulations based on color contrast and seed preferences of songbirds in the four main U.S. regions.

- Attract more birds than either black oil sunflower or other non-regional blends, based on independent field testing
- Preferred 3-to-1 over black oil sunflower and other blends by songbirds nationwide*

*Based on field test of Kaytee® Regional Blends against black oil sunflower and other non-regional blends. Individual results will vary due to local factors including bird migration and distribution, terrain, landscaping and weather.
