Pet Bird and Small Animal

Welcome to Kaytee®

Since 1866, Kaytee has made the health and well being of birds and small animals its primary commitment.

Pet parents are dedicated to giving their animals the best life has to offer. With over 150 years of commitment to small animals and pet birds, we remain passionate and committed to offering innovative products that enrich the pet ownership experience. Our nutritional platforms address the unique dietary needs of each animal by offering species specific formulas.

Product safety is built into every aspect of Kaytee. High quality food ingredients and state-of-the-art processing means quality assurance is built into every product. Designing products for health, security and the comfort of each pet is our top priority. From food to bedding, hay to habitats, Kaytee has it all. We are the "one stop shop" convenience for pet parents everywhere.

We conducted an independent survey amongst licensed and practicing veterinarians in the USA, and we are proud to announce that Kaytee is now a Veterinarian Recommended Brand.

Feed the Variety Nature Intended

Small animals are instinctual gatherers so providing a diet that supports those natural foraging instincts promotes all-around health and wellness. In human food, best nutrition is often considered that which is closest to nature. Food from the Wild™ blend is a species-specific daily diet with a medley of premium pelleted pieces and foraging ingredients to promote physical and mental well-being in small animals.

Understanding Ancestral Feeding

Rabbits, Guinea Pigs, Chinchillas and Hamsters all originated in different areas of the world making their ancestral feeding habits unique. Foraging is one core feeding instinct each species has in common and is essential to their overall well-being. When small animals are kept as pets, they no longer need to search for sustenance. While this does provide a sense of safety and consistency for the pet,

the pet no longer spends time foraging. This makes it even more important to provide plenty of mental and physical stimulation through food ingredient variety and toys. Small animal foods, like Kaytee® Food from the Wild™, support mental and physical stimulation as the small pets engage with the diverse range of ingredients offered in medley.

Rabbit

- ✓ Diet consists of wild grass, hay, flowers and vegetables
- ✓ Graze constantly

Guinea Pig

- ✓ Diet consists of wild grass, hay, flowers, leaves, fruits and vegetables
- ✓ High intake of Vitamin C
- ✓ Graze constantly

Chinchilla

- ✓ Diet consists of shrubs, bark, grasses, flowers, herbs, seeds, roots and fruits
- ✓ Graze constantly

Hamster

- ✓ Diet consists of seeds, grains, nuts, fruits and vegetables

Timothy Complete™ & Timothy Complete™ Plus

Premium Fiber Food

Kaytee® Timothy Complete™ and Timothy Complete™ Plus are pelleted daily foods made with nutritious sun-cured timothy hay combined with other essential ingredients necessary for small animals.

- Supports digestive health
- Supports dental health by promoting chewing activity
- Made with high fiber timothy hay

Timothy Complete™

- Timothy hay based diet that is high in fiber to support the natural digestive process
- Lower in protein and calcium than alfalfa-based diets
- Guinea pig formula contains long-lasting stabilized Vitamin C
- Complete pelleted formula to prevent selective feeding

Did you know?

Rabbits, guinea pigs and other small animals have teeth that continuously grow throughout their lives. It is important to provide them with daily access to food, hay and chews to help mechanically wear down teeth. Doing so may reduce health concerns with overgrown teeth.

Fiesta®

Gourmet Variety Food

Kaytee® Fiesta® food is a nutritionally fortified gourmet food with a premium blend of fruits, vegetables, seeds and grains offering maximum variety, fun and nutrition for small animals.

Hay

America's #1 Hay Brand!*

Timothy, alfalfa, and orchard grasses are a great natural source of fiber that complements any Kaytee® fortified food.

High quality and hand selected, all Kaytee® hay is carefully harvested and thoroughly inspected. To ensure high quality, Kaytee® hay comes from an ideal ecological location with fertile farmland, optimal temperature, and long hours of sun. Once Kaytee® hay is harvested, it is stored in a protected environment to control moisture instead of drying in the field. The proper moisture, ideal growing conditions, and rigorous quality checks ensure a supreme grade hay.

The natural choice.

Kaytee offers a variety of fun and healthy ways to introduce natural hays and grasses to your small animal's diet. We offer three different types of hays in a variety of sizes and formats including mini bales, wafer cuts, and hays with botanicals.

Fruits, vegetables, and flowers provide added enrichment and variety while contributing to your pet's overall health.

CritterTrail® Habitats & Accessories

CritterTrail® Homes

Small pet owners are dedicated to giving their animals the best life has to offer. CritterTrail® homes offer spacious living for all hamsters, gerbils and mice through its connectable modular style. These quality habitats have everything needed to make a small animal feel right at home, right away. New pet owners will love the no-guess, all-in-one convenience.

- CritterTrail® homes are connectable, offering the roomiest quarters for pet comfort
- Select CritterTrail® habitats have unique, narrow gap wire and spring-loaded locking doors that keep little critters safe and owners happy
- Many CritterTrail® homes feature a unique "Petting Zone®" area to easily access their pet, thereby making it easier to strengthen the special owner-pet bond

My First Home® Habitats

My First Home®

My First Home® habitats are easy to assemble, comfortable and quality-built to ensure pets are safe and secure. These popular homes feature an assortment of deep plastic bases, which prevent bedding from scattering, and a wire top for easy viewing and superb ventilation.

- Deeper base prevents bedding and litter from spilling out of the cage
- Deluxe models also feature solid plastic shelves and ramps, which are safe and comfortable for pets and easy to clean
- Available in unassembled bulk packs or full-color packaging options

Grooming & Cleaning

Pro Nail Trimmers

Regular nail trimming reduces scratching, prevents snags and contributes to the overall health of pets. Pro-Nail trimmers feature comfort grips for precision trimming.

Bath Time & Brushing

Bathing your small animal will help keep their hair and skin healthy. Regular brushing will help keep your pet's coat in good condition and most do not mind being brushed. The time you spend brushing and combing is also a good opportunity to check, for example, lice or sores on skin. The need for brushing depends on how long the hair is and whether your animal is shedding.

Small Litter Pans and Critter Litter

Kaytee offers a complete line of litter pans for every small animal featuring unique elevated high corners to help accommodate messy "back-ups." Famous for conserving cage space, all of our litter pans have low entry for "EZ" access, and are available in a large selection of styles and colors.

- These specially sized litter pans were developed to take advantage of critters' natural instinct to eliminate in one specific area
- Easy to clean surface in assorted colors
- Odor and stain resistant
- Use inside any habitat, playpen or home

Critter Litter

- All-natural Critter Litter is specifically formulated to be safe for small animals
- Critter Litter provides a unique texture so animals feel the difference between cage bedding and litter
- Litter training reduces cage cleaning
- Absorbent and easy to scoop

Did you know?

Ferrets sleep a lot, usually about 18 hours a day. They are typically active at dawn and at dusk but most ferrets will adapt their sleeping and active times to fit their owner's schedule. Using one of the wide variety of Kaytee® sleepers will keep ferrets comfortable and cozy while they are getting their long rest.

Run-About Balls

Exercise is an important part of a healthy lifestyle for small animals. Kaytee offers a complete line of Run-About Balls to provide an exercise source for your small animal.

- Run-About Balls allow pets to move with greater ease
- Made from durable plastic with ventilated slits to keep your furry friend safe

Snap-fit design assembles in seconds with no screws or glue. The 11.5" and 13" size Run-About Balls are changing to unassembled and nested. Improves merchandising and adds more shelf holding capacity, saving 50% shelf space!

- CLEAR: The clear version of the Kaytee® Run-About Ball provides the most interactive fun for both pet and the pet owner.

- MOON GLOW: Since hamsters are nocturnal (active at night), these glow-in-the-dark exercise balls give the perfect opportunity to watch small animals motoring around the room in a glowing sphere of motion. For an extreme glowing experience, shine a flashlight on the Moon Glow Run-About Ball for several minutes before exercise time.

- LED: Illuminated exercise! The LED Lighted Run-About Ball provides a soft glow perfect for viewing your pet during their most active time. In addition to providing a gentle light glow during exercise, the LED light has a 10 minute timer that can be used to remind you when your pet has had just enough exercise time. Available in purple, green, blue and pink.

- RAINBOW: Rainbow Run-About Balls are a great short-term area to keep your small pet while cleaning their cage. For added safety, use the Run-About Ball on the Hamtrac® Raceway to provide a controlled exercise environment. Available in blue, pink, purple and green.

- DAZZLE: The sparkling exercise ball for hamsters and gerbils. Available in blue, pink, purple and yellow with real glitter molded into the ball. Sparkling glitter is safe and non-toxic!

Chinchilla Accessories

Kaytee has everything needed to provide the proper care for a pet chinchilla. From wooden hideouts and perches to pumice chews, all products are specially designed for the unique needs of chinchillas. Our translucent plastic bath houses and bath sand are favorites among chinchilla enthusiasts.

- Chin-Hut makes a secure hideout for your pet

- The Lava Ledge is made from pumice, the strongest teeth trimming material, to trim chinchillas' ever-growing teeth
- Perfect for perching or chilling out, the granite Chin Chiller naturally maintains a surface temperature below room temperature and keeps every chinchilla feeling cool and comfortable

Chinchilla Dust*

2.5 lb Qty 6
Material # 100037012

Did you know?

To stay clean, chinchillas need to take dust baths. The fur on a chinchilla is extremely dense, making it difficult to dry out. Kaytee® Chinchilla Bath Sand helps them dry their fur and remove excess oils and dirt.
