

STEP 7

Position the Comfort Shelf (D) on the fourth bar up from the bottom. Attach the Wavy Ramp (E) to the Comfort Shelf (D) by clipping the tabs on the Wavy Ramp (E) to the edge of the Comfort Shelf (D).

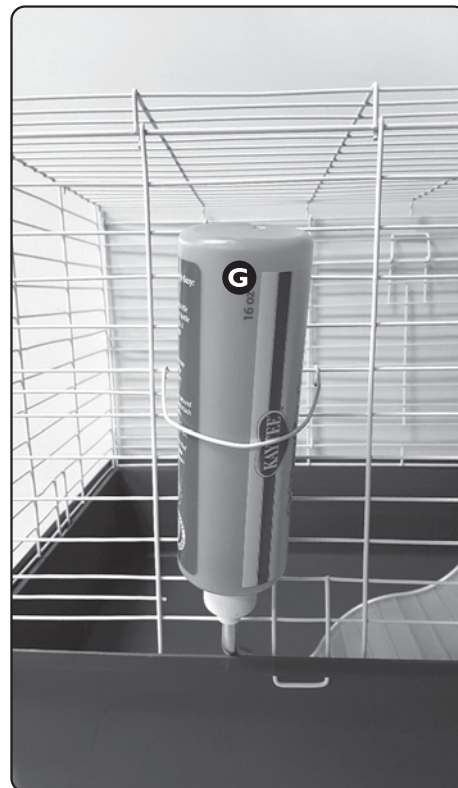

STEP 8

Attach the Hay Buffet (F) on the opposite side of the cage from the Comfort Shelf (D) on the back wire panel. Position clips on the back of the Hay Buffet (F) on the third wire bar up and be sure to snap the clips into place.

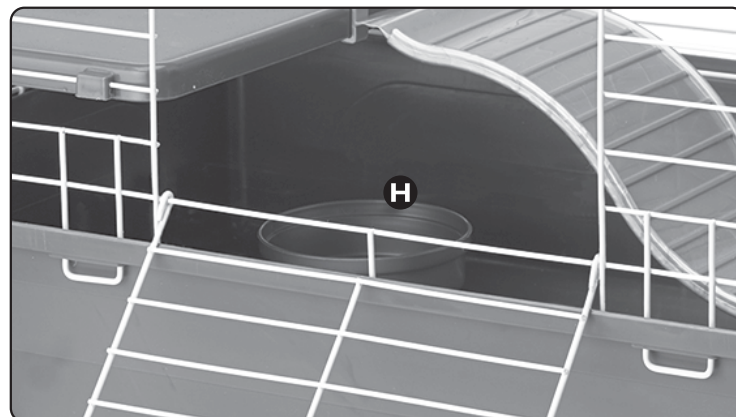

STEP 9

Fill and attach the Water Bottle (G) to the outside of the habitat and secure with provided wire hanger. Be sure the Water Bottle (G) is located low enough so your pet will be able to reach the sipper.

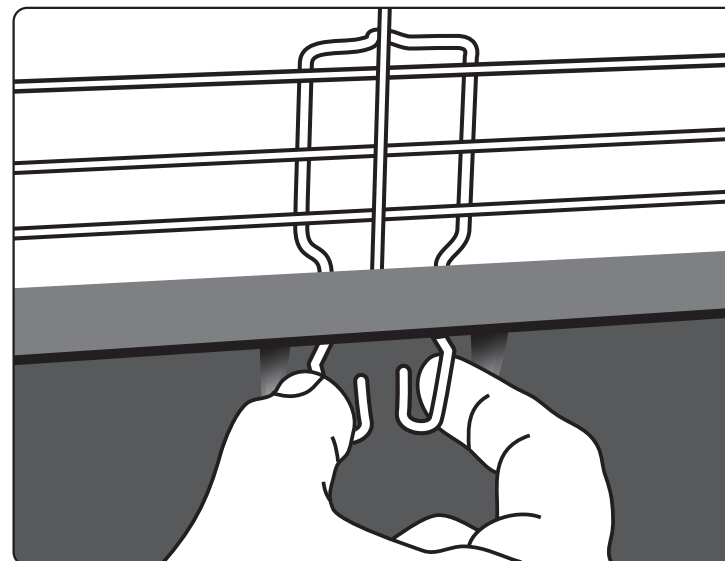

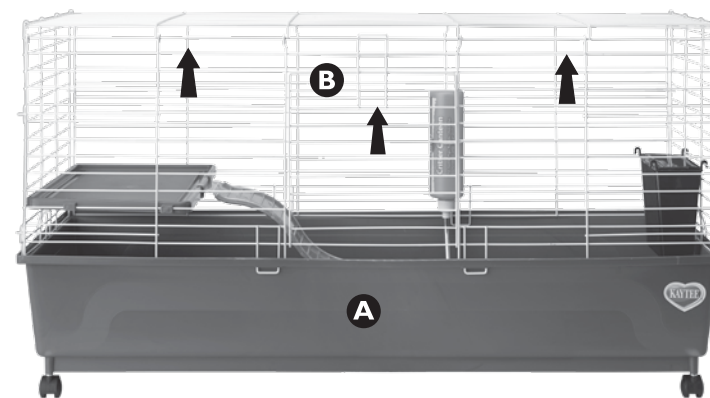

STEP 10

Place the Food Dish (H) inside the habitat away from the water bottle to ensure the food does not become soiled from your pet drinking nearby.

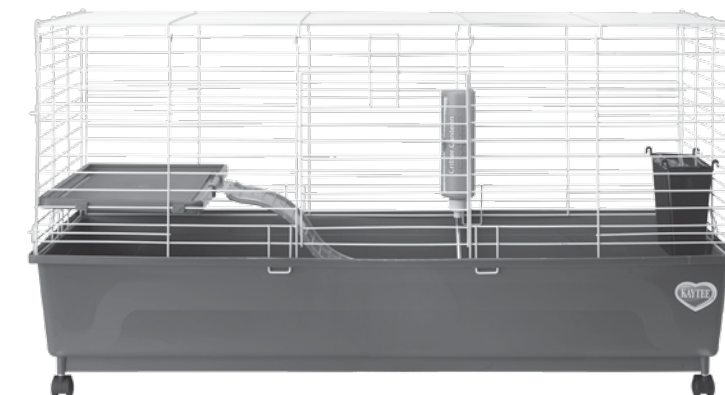

Cleaning Your Habitat

Pinch bunny ear latches on each side of the Cage Wire Set (B) and lift the entire Cage Wire Set off the Plastic Base (A). Set the assembly on a flat surface while you empty the Plastic Base (A). Empty and wash the Plastic Base (A) with soap and water or spray with Kaytee® Clean Cage (Item #100079553) (sold separately), and wipe dry. Kaytee® Clean Cage neutralizes odors, safely cleans surfaces and is non-toxic to all pets.

Examine each part and identify each component using parts identification list

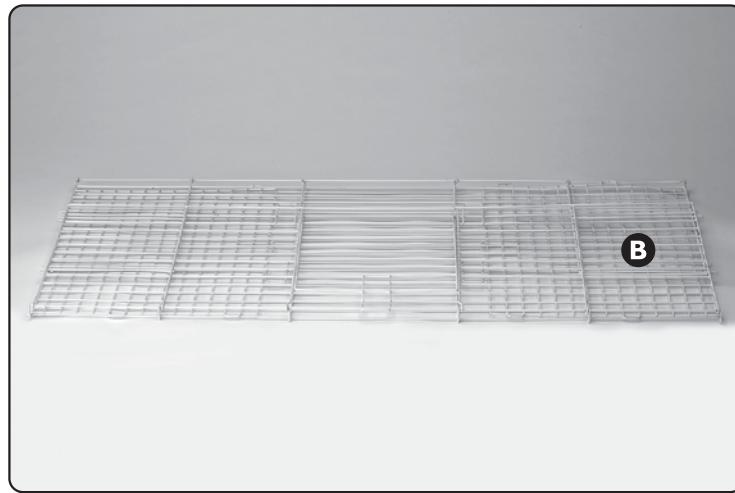

Habitat Measures:
30" L x 18" W x 19" H

QTY.	KEY	DESCRIPTION
1	A	Plastic Base
1	B	Cage Wire Set
4	C	Caster Wheels
1	D	Comfort Shelf
1	E	Wavy Ramp
1	F	Hay Buffet
1	G	Water Bottle
1	H	Food Dish

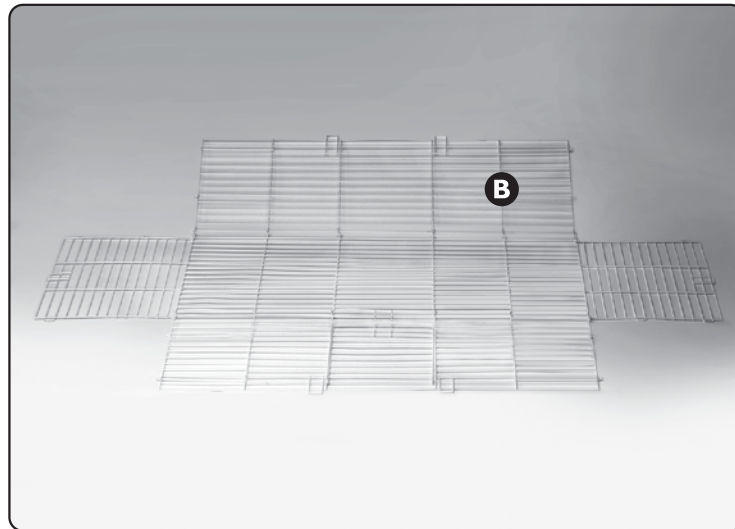

STEP 1

Unwrap the Cage Wire Set (B) and lay on a flat surface with the doorway facing upward.

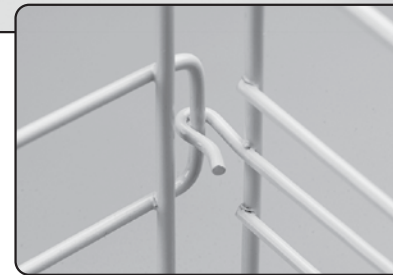

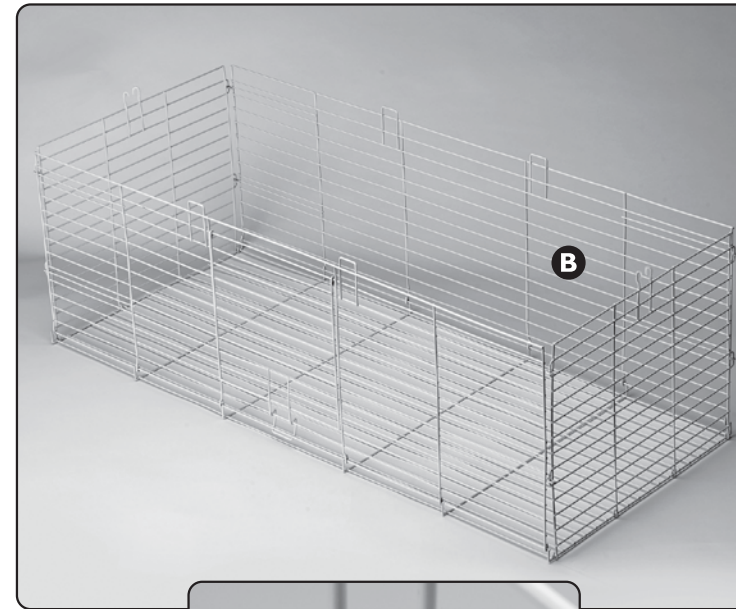

STEP 2

Carefully unfold the front, back and side panels.

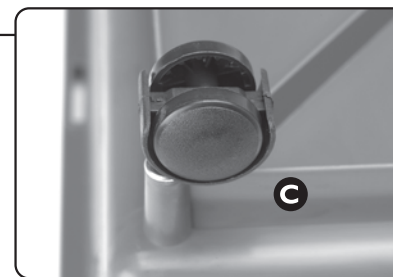

STEP 3

Lock the right and left side panels onto the back panel. Snap the wire hook through the wire loop. Next, lock the front panel onto the side panels.

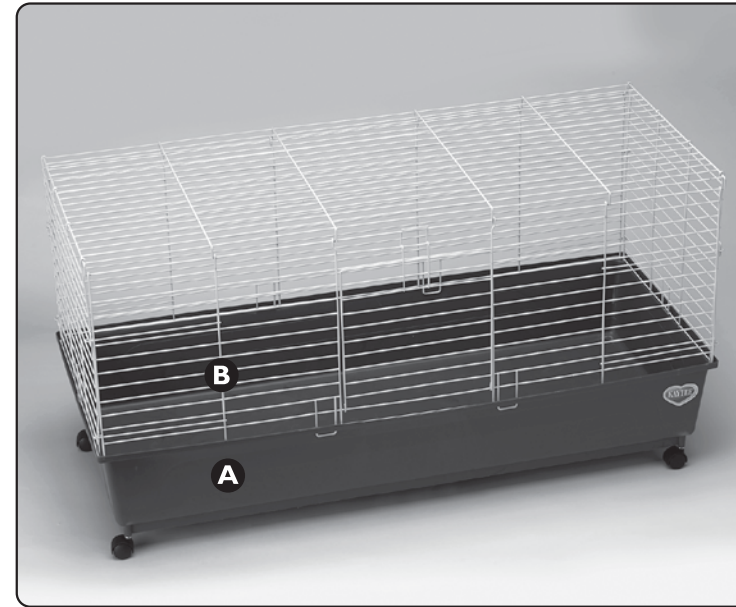

STEP 4

Now, turn the Plastic Base (A) upside down and insert the set of 4 Caster Wheels (C) into the predrilled holes.

STEP 5

Place the Cage Wire Set (B) and the Plastic Base (A) in an upright position. Place the Cage Wire Set (B) on top of the Plastic Base (A), then with the sticker and the doorway facing forward, lock the wire between the Plastic Base (A) attachment tabs.

STEP 6

Line up the loops at the bottom of the Wire Set (B) to the holes provided on the Plastic Base (A).
