# Chew Proof Water Bottle

## **The Superior Chew Resistant Water Bottle**

- Durable glass and stainless steel construction
- Specially engineered and designed to be completely chew proof
- Spring attachment hanger, flat back bottle and security hanger safely hold the bottle in place
- Features a unique double ball bearing drip resistant sipper tube
- Includes friendly floating duck refill reminder

## **Quick "E-Z" Filling Instructions**

**Fill It!** – Remove the Bottle Hanger, rinse Bottle thoroughly and fill Bottle to **maximum fill line**.

**Cap It!** – Screw on the cap tightly and flip the Bottle over.

**Hang It!** – Clip the Spring Attachment Hanger to the wire cage.

**Secure It!** – Attach the Security Hanger onto the cage wire below the Spring Attachment Hanger.

**Use It!** – Slide the Bottle between the Spring Hanger and Security Hanger so the bottom of the Bottle rests on the Security Hanger.

**Note:** A few initial drops are normal while the vacuum forms. Whenever you move your pet's home, always remove the water bottle.

**Note:** Do not fill water past the maximum fill line. This bottle requires a pocket of air to properly dispense.
