## OUTSIDE HOME INSTRUCTIONS

**STEP 1:** Snap the Lazy Look-out Roof (A) onto the Lazy Look-out Base (B). Twist to lock.

**STEP 2:** Attach the assembled Lazy Look-out to the 3.5" Fun-nel® Straight Tube (C).

**STEP 3:** Next, using a Connector Ring (E) attach the 3.5" Fun-nel® Straight Tube (C) to the 3.5" Fun-nel® Tube with Support Rings (D).

**STEP 4:** Place the assembled top portion through the top access hole of the home. The CritterTrail® Lazy Look-out is designed to be attached through the CritterTrail® habitat by punching out one of the ports in the roof.

**NOTE: DO NOT punch out access holes until you are ready to expand your pet's home. Access holes CANNOT be closed once opened.**

## INSIDE HOME INSTRUCTIONS

**STEP 5:** Attach a Connector Ring (E) to the Fun-nel® J Tube (F).

**STEP 6:** Place the Fun-nel® J Tube (F) through the front door of the home and attach the Fun-nel® J Tube (F) to the end of the 3.5" Fun-nel® Tube with Support Rings (D).

**Note: If the Lazy Look-out is used in a home with shelves, it may be necessary to move the shelf down so that it does not touch the Fun-nel® J Tube (F).**
